We are a long established family of breeders of pure bred and heritage breed poultry in Southern Tasmania.

We specialise in endangered and heritage breeds, ranging from Australia's own Australorp to more exotic types. We strive to breed poultry that is quality, suitable for anyone looking for a pet, a layer or a show bird, and have over 10 years of experience in breeding and showing poultry.

Our breeds are

- * Australorp (blue, black and splash)
- * Yokohama (red shouldered)
- * Dutch bantam
- * Red Ancona bantam
