Phone: 0407 083 634

After breeding many other chickens over the years, the Silver Grey Dorking is the only chicken breed I keep now. I am focusing on breeding large truly dual purpose birds that meet breed standards and the laying and table qualities these birds are famous for. I advertise on Backyard Poultry Noticeboard when I have birds or fertile eggs for sale. Please note that I don't send eggs by post any more.

I also breed and sell bronze turkeys and Aylesbury ducks.
