We from time to time have some poultry of the following breeds available.

\*Malay Game

\*Old English Game (Bantam)

\*Light Sussex

\*Chinese Silkie

\*Transylvanian Naked Neck

The Malay and Old English are our hobby breed to admire and show, the light

Sussex are for egg and meat supply of our household and both my children have

picked a breed each to breed and show themselves :)

We may not always have stock available and the quality of the light sussex and the naked necks are not yet to 'show type'
