Watchful Rooster- Automatic Chicken Coop DoorChicken Door is safe for both chickens, pets, children and adults. Powered by a powerful Linear Actuator we designed and built in a safety switch to protect anything that gets in its way of the closing door. Once removed the door will continue to close.

As the design being without the use of string and gravity it can be mounted in any of 4 directions to suit the design and placement of your coop and door.

Mains or Solar powered it runs off of 12v DC and is supplied with either a AC to DC

Power Pack or a Solar Panel.

Open or Close up to 3 Doors from a single Controller Box each door can be

individually enabled or disabled allowing for you to place doors in Multiple Pens and Run area's or even in your Run Fence to allow for automated access to Backyards or area's outside of the run for Pasture time when you want or simply disable the pasture door with the flick of a switch and they are confined to the immediate run area around your coop.

Safety Auto-Cutoff Mechanism on Door. Chooks, Pets, Children

and even Adults can be unpredictable at times. Very Sturdy made of 1.6mm

Aluminum extrusions assembled simply drill holes to suit your timber, Steel or

Zincalume style coop. We can predrill holes to suit your coop simply add it to your

instructions on checkout or msg us directly after purchase. Frame is 750mm High x

350mm Wide x 20mm Deep Motor Cover is 70mm deep x 400mm Long

Pop Door is 30cm x 30cm Now available in a Single Door Setup or a 3 Door

Controller 1. Timer based or Day/Night modes 2. Off Grid Ready 3. Option for Battery

Backup and Solar Panel ready to go No strings to get tangled Fox and Quoll Proof as

it can't be lifted once closed it's locked into place. Australian Designed and Made no

stress to rush home before dark to lock your chooks and no early morning rush

to let them out either. <https://www.watchfulrooster.com.au/automatic-chicken-door>
