

Rotech Rural

87 Seaton St
Australia 2350

Phone: 02 6772 0400

At Rotech we specialize in the innovative design & manufacturing of rural steel hardware.

WE SOURCE, DESIGN, MANUFACTURE AND INSTALL RURAL STEEL HARDWARE.

Everything from specialised gate hinges to steel end assemblies, we have you covered.

Our mission is to provide farmers with quality, innovative, reliable, and affordable rural hardware and do so with integrity.

And we're pretty good at it.

It all comes down to our commitment to providing 100% customer satisfaction every time.

We go to extraordinary lengths to ensure all of our products are the the 100% satisfaction of every customer.

But, we feel we shouldn't take all the credit.

WE WORK CLOSELY WITH LOCAL FARMERS.

Being based in northern NSW has it's advantages.

Our proximity to some of the most successful agriculture areas of the Australia allows us to work closely with farmers to provide you with a unique and diverse range of products and services.

WE HAVE BEEN DOING IT FOR A WHILE.

20 years in fact!

Through working directly with farmers over the years, we have been able to refine what we do and provide you with the best products and services that actually solve your needs.

To make our range of quality and innovative products available to everyone.

Whether you are a stockyard manufacturer, rural store, steel merchant, landholder or contractor, we want to create the type of product that you insist on using.

Our commitment is to provide a quality product that you can't help but love.
